Pickup for M.R. Štefánika Bratislava Airport and back (fee 2,-€)

If you require a transfer to the airport and back, select this option. By selecting this option you will ensure a pickup. Returning to the parking lot from the airport is also automatically ensured and there is no need to request such a transfer again. Upon arrival to the parking lot, you will receive a parking ticket with the transfer phone (+421905362041). After arriving from your holiday or business trip you can call us at this number and within 10 minutes we will pick you up at an agreed place at the airport. You need to call after going through the airport, picking up all your baggage and getting to the right place. The transport vehicle cannot wait at the airport, so it is important for you to be ready for pickup on arrival. If you have a special transfer request (car seat, transport of oversized baggage, wheelchair, etc.), make a note when booking. The transfer time from the parking lot to the airport is approximately 5 - 10 minutes, depending on the traffic situation. The service provider is not responsible for the delay caused by a force majeure or an unpredictable situation, traffic accident, traffic jam, police shutdown, traffic congestion, etc. The ordering party of the service is not entitled to compensation for damage caused by a transfer delay for the above reasons.

RECOMMENDATION: If you are traveling with more people and you have more luggage, we recommend you to unload your group and baggage at the airport (15 minutes parking in front of the departure terminal is free of charge) in order to get a quick check-in and just come to us with car and the driver, whom we will return to the airport right away. Also when arriving from holiday. This recommendation especially applies in the summer season, when we handle a larger number of clients at once. It is just a recommendation, and in case of a request we will take everyone.
